Minimum Inside Bending Radius:

3.500 inches

Body Inside Diameter:

0.240 inches

Features Provided:

Outer covering

Terminal End Type:

Shouldered ferrule w/coupling nut both ends

Measuring Method And Length:

25.766 inches

Material:

Rubber synthetic outer covering

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02700
