Overall Length:

24.625 inches

Overall Height:

0.812 inches

Overall Width:

2.500 inches

Cross-member Spacing:

6.500 inches

Stringer Thickness:

0.065 inches

Stringer Width:

0.250 inches

Clearance Width:

1.375 inches

Material:

Aluminum alloy 5052

Material Specification:

Qq-a-250/8 federal specification single material response

Surface Treatment:

Chromate

Style Designator:

Bar type over aisle straight section

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A05500
