Overall Height:

3.250 inches

Overall Width:

7.000 inches

Furnished Items And Quantity:

11 connector and 3 resistor and 2 transformer

Special Features:

Lgth 11 in.; six mtg brackets w/6 holes 0.115 in. Diameter on ea end spaced 2.570 in. C to c; capacitors 2, connector block 1, contacts 85, contact pins 110, insulatpors 1, modules 11, module tracks 2, p.C.Boards 3, sockets 34, terminals 1

Material:

Aluminum alloy

Fsc Application Data:

Interconnecting box, radio navigation, airborne

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A17600
