Overall Height:

0.500 inches

Overall Width:

4.500 inches

Component Mounting Facility Type And Quantity:

2 slot and 1 flange

Material:

Aluminum

Surface Treatment:

Chromate

Specification Data:

31550-1052207g government specification

Fsc Application Data:

Receiver-transmitter, radio navigation equipment, airborne

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A05500
