Design Feature:

Punched holes

Material:

Aluminum alloy 5052

Material Specification:

Qq-a-318c, temp h-32 federal specification all material responses

Surface Treatment:

Phosphate

Fsc Application Data:

Transponder set, airborne, an/apx-4 (v)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A05500
