Mounting Hole Diameter:

0.9375 inches

Overall Length:

284.000 inches

Overall Width:

8.500 inches

Center To Center Distance Between Mounting Holes:

6.000 inches

Mounting Hole Quantity:

8

Overall Thickness:

3.625 inches

Coating Material:

Hot oil with pentachlorophenol

Design Type:

X-brace

Unpackaged Unit Weight:

475.000 pounds

Extra Long Reference Number:

2056x-brace17ft6inpolespacing4-16bolt4-18bolt

Special Features:

2 braces with end fitting, 1 center clamp, 4 washer plates, 4 7/8 by 16 in. Bolts, 4 7/8 by 18 in. Bolts

Material:

Wood and metal

Material:

Wood

Surface Treatment:

Zinc

Surface Treatment:

Zinc

Reference Number Differentiating Characteristics:

As differentiated by bolt size

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T386-a
