Width:

0.125 inches

Thickness:

0.016 inches

Length:

8.000 inches

Specific Usage Design:

Wiring harness

End Type:

W/attachment

Insignia:

Not included

End Attachment/fastening Facility:

Buckle tongue hole

Min. Tensile Strength (psi):

40 pounds per square inch

Special Features:

Accommodates 2.000 in. Dia. Bundle; self-clinching; self-locking tie; intermediate cross-section; ribbed on one end for locking; unable to unlock

Color:

Any acceptable

Material:

Nylon

Material:

Plastic polyamide

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T372-b
