**Mounting Provision:**

Screw

**Overall Depth:**

21.652 inches

**Overall Width:**

Between 9.744 inches and 9.760 inches

**Ventilation Design Type:**

Slotted

**Cover Attachment Method:**

Screw

**End Application:**

An/alq-99 (v)

**Special Features:**

2 skids on bottom edges

**Color:**

Aluminum, natural

**Material:**

Aluminum alloy 5052

**Material Specification:**

Qq-a-250/8, temp h32 military standard all material responses

**Style Designator:**

Vertical front

**Fsc Application Data:**

Electronic countermeasures an/alq-99

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A05500
