Overall Width:

7.630 inches

Component Mounting Facility Type And Quantity:

66 unthreaded hole

Design Feature:

Punched holes

Material:

Aluminum alloy

Material Specification:

Qq-a-601, t6 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A05500

Mil-std (military Standard):

spec.
