## NSN 5975-01-125-3817

Electrical-electronic Equipment Chassis - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5975-01-125-3817

End Application:
High frequency voice frequency carrier telegraph terminal
Design Feature:
Blank
Style Designator:
Vertical rack mounting
Supplementary Features:
Consists of: bottom guide plate p/n d5362-2, top guide plate p/n d5362-1, rt side panel p/n d5363-1, I side panel p/n d5363-2, rear cover p/n
d5365-1, backplane p/n a0848
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A05500
