Body Outside Diameter:

0.500 inches

Structural Design:

Thinwall

Terminal End Type:

Elbow w/flange 1st end

Measuring Method And Length:

6.021 inches working

Special Features:

Diamond shaped flange with two mounting holes

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02700
