Inside Diameter:

12.6 millimeters

Hazardous Locations/environmental Protection:

Corrosion resistant and watertight

Trade Size:

0.500

Outside Diameter:

17.8 millimeters

Minimum Inside Bending Radius:

125.0 millimeters

Material:

Plastic outer covering

Style Designator:

Plain conduit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02700
