Inside Diameter:

2.500 inches

Hazardous Locations/environmental Protection:

Shock resistant and pressure tight

Trade Size:

2.500

Outside Diameter:

2.940 inches

Braided Metallic Shield Type:

Cres wire

Minimum Inside Bending Radius:

12.000 inches

Material:

Rubber synthetic outer covering

Style Designator:

Plain convoluted conduit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A02700
