**End Application:**

4920-01-089-6203, 4920-01-158-5483, 4920-01-176-5215 eprom programmer/verifier

**Features Provided:**

Connector and terminal strip

**Component Mounting Facility Type And Quantity:**

2 flange

**Design Feature:**

Punched holes

**Functional Description:**

Chassis assembly to digital interface unit, erasable program readout memory /eprom/ programmer/verifier

**Style Designator:**

Open end

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A05500
