Cover Attachment Method:

Screw

End Application:

5865-01-042-3265 control-indicator

Design Feature:

Punched holes

Functional Description:

Prime control indicator

Reference Data And Literature:

T.O.12p3-2alr-22 figure 7-2 index 18

Type/model Designation:

F-16

Fsc Application Data:

Electronic countermeasures equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A05500
