**Braided Metallic Shield Type:**

Cres wire

**Minimum Inside Bending Radius:**

1.500 inches

**Body Inside Diameter:**

1.000 inches

**Terminal End Type:**

Shouldered ferrule both ends

**Measuring Method And Length:**

96.000 inches working

**Flexibility:**

Flexible

**Material:**

Steel collar

**Surface Treatment:**

Cadmium coupling nut and nickel coupling nut

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A02700
