**Body Outside Diameter:**

1.250 inches

**Body Inside Diameter:**

1.180 inches

**End Application:**

Aircraft model f-18

**Structural Design:**

Thinwall

**Measuring Method And Length:**

14.100 inches

**Material:**

Aluminum alloy 6061

**Material Specification:**

Ww-t-700/6, cond t4, type 1 federal specification single material response body

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A02700
