Hazardous Locations/environmental Protection:

Corrosion proof

Overall Length:

1.094 inches

Conduit Type Accommodated:

Flexible metallic first end

Item Accommodated Trade Size:

0.375 inches first end

Special Features:

Stainless steel wire rope covered with nylon insulation, with brass fittings: lanyard assembly

Material:

Aluminum alloy

Surface Treatment:

Anodize

Style Designator:

Reducer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01800
