Head Length:

0.190 inches

Bore Diameter:

Between 1.500 inches and 1.875 inches

Width Across Flats:

2.969 inches

Material:

Aluminum alloy

Material Specification:

Qq-a-225 federal specification single material response or qq-a-591 federal specification single material response

Surface Treatment:

Cadmium

Surface Treatment Specification:

Qq-p-416, type 2, class 3 federal specification single treatment response

Style Designator:

Hex head

Supplementary Features:

ENDI-TE-M66-6001

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A049a0
