**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-225 federal specification single material response or qq-a-591 federal specification single material response

**Surface Treatment:**

Cadmium

**Surface Treatment Specification:**

Qq-p-416, type 2, class 3 federal specification single treatment response

**Supplementary Features:**

ENDI-TE-M66-6001

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A049a0
