Thread Size:

1.188 inches first end 1.188 inches second end

Special Features:

Branched 5 way including two ends

Material:

Copper alloy

Material Specification:

Qq-c-390, type i federal specification all material responses

Surface Treatment:

Cadmium

Surface Treatment Specification:

Qq-p-416, type ii federal specification all treatment responses

Style Designator:

Branched

Thread Series Designator:

Unef first end unef second end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01800
