Mounting Hole Diameter:

0.112 inches

Overall Depth:

2.375 inches

Overall Width:

4.725 inches

Material Thickness:

0.063 inches

Mounting Hole Quantity:

2

Center To Center Distance Between Mounting Holes Along Length:

1.063 inches

End Application:

C-1102 (v) 4/arc186

Design Feature:

Punched holes

Material:

Aluminum alloy 5052

Material Specification:

Qq-a-250/8 federal specification single material response

Style Designator:

Closed ends and sides w/bottom plate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A05500
