Mounting Provision:

Unthreaded hole

Component Mounting Facility Type And Quantity:

4 unthreaded hole

Design Feature:

Punched holes

Material:

Aluminum

Material Specification:

Mil-a-21180 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A05500

Mil-std (military Standard):

Mil-a-21180 spec.
