Conduit Type Accommodated:

Flexible nonmetallic single end

End Application:

F-15s

Thread Size:

1.562 inches single end

Special Features:

Org dwg name, adapter, bulkhead; electrical, shielding effectiveness, 40 db min between 14 khz/10ghz

Material:

Aluminum alloy 2011 and aluminum alloy 6061

Surface Treatment:

Cadmium and chromate

Thread Series Designator:

Unef single end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01800
