Inside Diameter:

0.250 inches

Outside Diameter:

Between 0.380 inches and 0.400 inches

Length:

240.000 inches

End Application:

Nsn 2320-01-452-5579, truck tractor

Product Name:

Wire, loom, convoluted split

Special Features:

Type: convoluted split; color: balck w/gray stripe, no substitutions; operating temperature 300 degrees fahrenheit

Material:

Plastic polyethylene body

Style Designator:

Plain convoluted conduit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A02700
