End Application:

C-17a aircraft

Terminal End Type:

Shouldered ferrule w/coupling nut both ends

Measuring Method And Length:

128.620 inches working and 131.300 inches working

Special Features:

Next higher assembly, p/n 17b2e2000-505

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02700
