Overall Length:

19.000 inches

Overall Height:

8.750 inches

Overall Width:

17.380 inches

End Application:

7010-01-391-0168

Current Rating:

3.000 amperes

Wattage Rating:

330.000 watts

Voltage In Volts And Current Type:

110.0 ac

Special Features:

Frequency: 50-60 hz; nonoperating humidity: 20% to 80%; operating altitude: 15, 000 feet; nonoperating altitude: 40, 000 feet; cooling method: front to back; safety regulations: ul, csa, tuv; emi/rfi: fcc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
