End Application:

Panel, static exciter, 709304-101; static exciter/regulator panel assembly, 60hz, lpd-4, sse 125-17 kw

Product Name:

Current boost module

Special Features:

Drawing has no dimensions; panel is a rectangular shape with four mounting holes at the corners; located rear lower left, and front lower right on the exciter; drawing name: basler current boost module for excitation support

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T122-b
