**Width:**

0.630 inches

**Thickness:**

0.015 inches

**Length:**

29.500 inches

**End Type:**

W/attachment

**Keeper Material:**

Steel, corrosion resisting

**Keeper Quantity:**

1

**Fastened Keeper Feature:**

Included

**End Attachment/fastening Facility:**

Keeper

**Min. Tensile Strength (psi):**

1200 pounds per square inch

**Special Features:**

Metal locking tie super heavy duty

**Material:**

Steel comp 316

**Material Specification:**

Aisi 316 assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T372-b
