End Application:

Bowman fast track and g1-59-0102-801

Product Name:

Holding fixture assembly eut

Special Features:

Finish anodize sulfuric acid; bend relief radii are .09 mm unless specified; inside bend radii are 0.25 mm unless specified

Color:

Black

Material:

Aluminum

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
