Width:

0.630 inches

Thickness:

0.015 inches

Length:

98.400 inches

End Type:

Plain

End Attachment/fastening Facility:

Keeper

Min. Tensile Strength (psi):

1200 pounds per square inch

Special Features:

Non-catalog metal locking tie, 316 stainless steel, double wrap; application tool rt1ht

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T372-b
