End Application:

C-17a aircraft

Terminal End Type:

Elbow w/coupling nut both ends and straight fitting w/internal thread both ends

Criticality Code Justification:

Feat

Measuring Method And Length:

5.860 inches working

Product Name:

Conduit assembly

Special Features:

Tin conduit ends and attach fittings by blazing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02700
