Overall Length:

5.200 inches

Overall Height:

4.950 inches

Overall Thickness:

0.750 inches

End Application:

Misc parts command x surveillance - lcac

Mounting Configuration:

Ms3498-8 each corner plus one off-center for a total of 5

Panel Material:

Aluminum alloy or steel, stainless

Product Name:

Lighting el panel

Special Features:

Each corner has an inward radius; there are 3 basic holes for switches, see drawing for dimensions and location

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T122-b
