Overall Height:

2.500 inches

Overall Width:

3.750 inches

End Application:

Misc command x surveillance; lcac panels, electroluminescent - engineer

Mounting Configuration:

3 grommet assemblies, ms3498-8, 1 at each top corner and one at center near bottom edge

Panel Material:

Aluminum alloy or steel, stainless

Product Name:

Searchlight el panel

Special Features:

Corners have half-arch cutout; marked "searchlight" at top center; has hole 0.531 in dia, cbore 0.750 diameter x 0.12 deep, marked "on" above and "off" below

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T122-b
