Overall Height:

2.950 inches

Overall Width:

2.450 inches

End Application:

Misc command x surveillance; Icac panels, electroluminescent - engineer

Mounting Configuration:

4 grommet assemblies, ms3498-8, 1 at each corner

Panel Material:

Aluminum alloy or steel, stainless

Product Name:

Auto shutdown el panel

Special Features:

Corners have half-arch cutout; marked "auto" above "shutdown" at top center; has hole 0.531 in dia, cbore 0.750 diameter x 0.12 deep, marked "ovrd" above and "norm" below

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T122-b
