Overall Length:

8.100 inches

Overall Width:

7.250 inches

Overall Thickness:

0.006 inches

End Application:

K939090001

Mounting Configuration:

7 holes at 0.203 inch dia, 6 holes at 0.390 inch dia, refer to drawing for configuration

Panel Material:

Aluminum alloy, qq-a-250/8, alloy 5052, h32

Product Name:

Louver, amp front

Special Features:

Spaanel is louvered the entire length, see drawing for details; conversion coating per mil-c-5541, cl 3 then one (1) coat of primer tt-p-1757, type 1, color y and two (2) coats of enamel light gray per mil-e-15090, type ii, cl 2

Surface Treatment:

Paint

Surface Treatment:

Painted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T122-b
