End Application:

Shelter, non-expandable rigid wall, integrated.

Base Thread Location:

External

Product Name:

Liquid tight, non-metallic strain relief connector with pg thread.

Special Features:

Includes nut and neoprene bushing; temp range neg 22 to 212 degrees f.

Material:

Nylon body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02000
