Trade Size:

1.250

Body Outside Diameter:

0.969 inches

Body Inside Diameter:

1.250 inches

Terminal End Type:

Adapter 1st end

Measuring Method And Length:

6.500 inches working

Product Name:

Conduit assembly

Special Features:

1 clamp end reinforcement wire swage rings cres/passivate shield-copper/tin plate split ring support- high performance thermoplastic/na
sealing gland & o-ring-silicone/na

Flexibility:

Flexible

Material:

Plastic body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02700
