Mounting Provision:

Support rails

Overall Depth:

8.500 inches

Overall Height:

1.750 inches

Overall Width:

19.000 inches

Features Provided:

Prewired

Component Mounting Facility Type And Quantity:

Unthreaded mounting tabs (with standoffs) and screws (8) no.4-40 x 1/2 in.

Design Feature:

Blank

Special Features:

Includes ac power supply: 100 vac to 240 vac, 50/60 hertz, 30 watts input; temperature range: 0 to 50 degrees c; output voltages: p12 vdc at 1.5 a (white wire) and p5 vdc at 1.5 (red wire); 115vac line cord attached with north american plug; dc output: f separate cables with 3-ckt molex connector, female, polarized

Material:

Aluminum or aluminum alloy

Style Designator:

Open flanged ends

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A05500
