Overall Length:

10.750 inches

Overall Height:

0.730 inches

Overall Width:

5.100 inches

End Application:

0a-923 (v)/g; ot-208(v) /g, transmitter group

Special Features:

Matl is 0.125 thk al aly sh, astm b209, 5061-t6; finish is mil-f-14072, finish no. P513.1 plus 2 coats tt-e-529 iaw fed-std-595, color no 26250 (semigloss gray)

Color:

Gray

Special Markings:

Mark iaw mil-std-130 "80063-a3273875-1 to include mfr cage code

Material:

Aluminum alloy

Surface Treatment:

Passivate and primer and enamel

Supplementary Features:

Has 2 holes 3.750 in. Through with 0.605 in. High collars attached; 10 mounting holes, 0.250 in. Dia., 4 near each long side and one at center of each short side

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
