**Inside Diameter:**

0.625 inches

**Material Thickness:**

0.125 inches

**Body Length:**

Between 8.190 inches and 8.310 inches

**End Application:**

Ot-20 (v) /g, transmitter group

**Inscription:**

80063-a3273457-001 (with mfr's cage) 1st side

**Product Name:**

Sleeve, cable support bar

**Special Features:**

Part number begins approx. 1 in. From left end

**Material:**

Plastic

**Material Specification:**

Astm d4066, nylon 6/6 assn standard single material response

**Style Designator:**

Cylindrical

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A529q0
