Inside Diameter:

25.000 millimeters first end

Overall Length:

25.9 millimeters

Outside Diameter:

23.490 millimeters second end

End Application:

Cable assembly set

Special Features:

Item supplied without tin ring; part modified with helical conduit thread; finish (plating)- cadmium (olive drab) over electroless nickel (500 hr., salt spray resistant)

Material:

Aluminum alloy

Surface Treatment:

Cadmium

Style Designator:

Thread to thread enlarger

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01800
