**End Application:**

Chameleon process control module (pcm-1) or chameleon discrete automation module w/banked wiring hub (dam-1bk)

**Product Name:**

Chameleon full size watertight enclosure component

**Special Features:**

Material is valox 457 w/custom coloring and emi shielding

**Supplementary Features:**

Full-size enclosure intercon assembly

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A17600
