End Application:

Chameleon process control module (pcm-1) or chameleon discrete automation module w/banked wiring hub (dam-1bk)

Product Name:

Chameleon full size watertight enclosure component

Special Features:

Material is valox 457 w/custom coloring and emi shielding

Supplementary Features:

Full-size enclosure intercon assembly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A17600
