Overall Height:

23.880 inches

Overall Width:

18.900 inches

Overall Thickness:

0.810 inches

End Application:

Ou-187/5, I-band converter group

Panel Material:

Steel

Product Name:

Top panel, electrical-elec

Special Features:

One panel, top carbon steel, cold-rolled iaw astm a366/a366m-92 or equivalent; weld iaw aws d1.3, class c. Weld all seams closed & grind flush at full assembly of panel, interface, top

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T122-b
