Minimum Inside Bending Radius:

14.000 inches

Special Features:

Inside min diameter 2.020, inside maximum diameter 2.045 outside min diameter 2.340, outside maximum diameter 2.375, color - white

Surface Treatment:

Zinc

Surface Treatment Specification:

Ww-c-566 federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02700
