Overall Length:

62.000 inches

Overall Height:

1.000 inches

Insulator Accommodation Quantity:

1

End Application:

1356-01-497-0181

Mounting Method:

Hole

Insulator Type Accommodated:

Plate

Product Name:

Wedge, thermal

Special Features:

Matl is al alloy plate temper t651 per astm b209 or b221; see drawing for configuration and location of holes

Material:

Aluminum

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T386-d
