End Application:

Mrap - unique nsn - rg33 plus cat ii

Current Rating:

200.0 microamperes

Unpackaged Unit Weight:

0.70 kilograms

Voltage In Volts And Current Type:

32.0 dc

Product Name:

Electronic control system, iqan-mc2 i/o modules

Special Features:

Signal range: 100-2000ma, dither frequency: 25-333hz, resolution 1ma, maximum load 2000ma, signal range 0-5vdc, resolution 5mv, frequency inputs signal range (speed mode) 2-20000hz, (position mode) 0-20000hz, signal high 4vdc, signal low 0-1vdc

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
