**End Application:**

Enclosure assembly

**Accessory Components And Quantity:**

Cooling air tube 1; right panel 1;

**Mounting Configuration:**

18 symmetrically formed unthreaded holes, 5 each on length edges, and 4 each on width edges

**Product Name:**

(inavy)right panel weldment

**Special Features:**

Pieces are welded together

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

T122-b
