Width:

0.5 inches

Thickness:

0.1 inches

Length:

12.0 inches

End Application:

Reconfigurable transportable consolidated automated support system (rtcass)

Hole Quantity:

2

End Attachment/fastening Facility:

Hook and loop

Product Name:

Tak-ty hook and loop cable tie

Special Features:

X cut hole for no.10 truss head screw in 1.0in wide end

Material:

Nylon and plastic, polyethylene

Material:

Plastic polyamide and plastic polyethylene

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T372-b
